GREEN THING

MULTI SURFACE CLEANER

DAILY CLEANER FOR

GT-1

ALL HARD SURFACES

EPA CERTIFIED

pH NEUTRAL

daily cleaner

EASY CLEANING

GT-1 Green Thing is an EPA certified “Green” cleaner. It is pH neutral and ready to use; formulated to safely and easily clean honed and polished marble, limestone, travertine, granite, slate, ceramic and porcelain tiles, Corian, laminate as well as painted wall surfaces. It also works great on mirrors, windows and high shine metal fixtures. It does it all! Green Thing dries quickly leaving a streak-free surface. It is created to be environmentally compatible and sustainable. This no-rinse, fast evaporating, powerful, daily cleaner works effectively to cut through soils on all hard surfaces at home and work.

APPLICATION:

Stone, Corian, glass, metal, laminate and painted surfaces. Also works on mirrors, windows and high shine metals

Stone and Corian surfaces – Hold sprayer about 6 – 8 inches from surface and apply a light mist over the area to be cleaned. Let the product sit for approximately 30 seconds. Scrub with a sponge or light duty pad then buff the surface dry with a paper towel or a clean lint-free cloth. When drying towel becomes wet, discard and start with a fresh one.

Glass, Metal, Laminated or Painted surfaces – Spray a light mist over the area to be cleaned and wipe immediately with a paper towel until dry.

Daily cleaning of floors – Spray product directly on floors. Use a microfiber mop to clean surface. Rinse mop after cleaning every 50 to 100 square feet.

SPECIFICATIONS:

Appearance.....	Clear Liquid
Odor.....	Characteristic Odor
Specific Gravity.....	0.990
pH.....	9.0
Boiling Point.....	Near 212°F
Flash Point.....	None to boiling
Water Solubility in Water.....	Complete
