MULTI SURFACE CLEANER

SAFELY USE ON
STONE, GLASS & MORE

MB-5

pH NEUTRAL

safe for daily cleaning

EASY CLEANING

MB-5 Multi Surface uses a pH Neutral combination of special chemicals that quickly and easily cleans marble, granite, ceramic, Corian, porcelain, glass, including mirrors and most other hard surfaces. It also works great on bath and kitchen fixtures. Is safe to use daily and not designed to clean heavily soiled areas or remove soap build-up.

(For heavy duty cleaning and removal of soap buildup, use our MB Stone Care MB-3 Soap & Mineral remover.)

APPLICATION:

With sprayer about 6 - 8 inches from surface, spray a light mist over area to be cleaned. Let the product sit for approximately 30 seconds. Buff the surface dry with paper towel or a clean white cloth. When towel becomes wet discard and start with a fresh one.

SPECIFICATIONS:

Appearance.....	Clear Liquid
Odor.....	Characteristic Odor
Specific Gravity.....	0.99
pH.....	7.0
Boiling Point.....	159°F
Flash Point.....	Appx. 212°F
Water Solubility in Water.....	Complete
